ASTIGMATISM.

What it is, and How Corrected.

Asigmatism or Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the film known as the Cornea. Of course no instrument is able to correct it, but in the hands of a thorough, efficient and competent eye specialist the ophthalmometer reveals the exact condition of the eye in a way that nothing else can. If your eyes need attention have DR. J. J. JOHNSON to put them under this wonderful instrument. Office hours 8:30 to 12:30; 2 to 6. 302 S. Elm St.

BEAUTIFUL HOME WEDDING.

Miss Caroline Eller and Mr. Paul G. Welsh Married Last Evening.

At the residence of Judge and Mrs. W. H. Eller, on Bellemore avenue, there was a beautiful home marriage last evening. The contracting parties were Mr. Paul G. Welsh, salesman with the Odell Hardware Co., and Miss Caroline Eller, one of Greensboro's fairest daughters. A few friends were present to see these happy hearts made one.

Miss Ellie Reade presided at the piano, and the happy couple entered keeping step to the strains of Mendelssohn's wedding march. The words of the officiating minister, Rev. Livingston Johnson, were distinctly heard above the subdued tones of melody that proceeded from the piano during the ceremony. After the solemn marriage vows were taken and congratulations showered on the young couple, delightful refreshments were served, and a most pleasant hour passed. The very best wishes of a host of friends will follow these happy young people through life. May the kind Providence smooth down the rough places in the pathway of their lives and may their joy be as deep as the ocean, their sorrow as light as its foam."

Such an occasion as that last evening makes very real the beautiful words of Longfellow:

"Love is the root of creation; God's essence; worlds without number
Lies in his bosom like children; He made them for His purpose only,
Only to love and be loved again, he breathed forth his spirit
Into the slumbering dust and upright standing laid its
Hand on its heart, and felt it made warm with a flame out of heaven."

MISS PORTER ENTERTAINS.

Delightful Meeting of Kalamazoo Whist Club At Her Home.

The Kalamazoo Whist Club was entertained yesterday afternoon by Miss Ruth Porter, at her pleasant, hospitable home on Summit Avenue. There were twenty ladies present. The card tables were marked with lovely little cups and saucers and the house tastefully and beautifully decorated with pink and green flowers.

After the games the guests were ushered into the spacious dining room which was darkened, and lighted with candles with pink shades. The refreshments, consisting of ice cream, in pink, green and chocolate, and cake of the same colors, were served in the most charming manner. Lemonade and salt almonds were also served. The arrangements made by Miss Porter were evidence of excellent taste and the decorations were rarely beautiful. She is one of the most popular members of the club and as a pleasing hostess is not surpassed; as those who have enjoyed her hospitality will testify.

THE JOLLY DIXIE GIRLS.

Entertained by Misses Merrimon at Their Home, "The Cedars."

Greenboro now has an ideal social organization composed of twelve of her most beautiful and charming young ladies, who have given their initial party last evening at "The Cedars," the home of two of its most popular members, Misses Nellie and Bessie Merrimon. The new organization is called "The Jolly Dixie Girls" and made its debut with a most delightful social. The Misses Merrimon are apt entertainers and after the usual time happily spent at games last evening refreshments, consisting of cream sherbet and cakes, were served. Twenty-four young people were present, and an equal number of young men and ladies.

THE CZAR'S BIG CONFERENCE.

At The Hague Likely to Be a Brief Affair.

MARTENS, THE RUSSIAN JURIST,

Who is a Delegate, Has Important Business Elsewhere Early After Conference Meets.

By Wire to The Telegram.

Washington, May 10.—The British-Venezuelan arbitration commission, which was to begin work at Paris on May 24th, has postponed its opening session until June 15th. Therefore the inference has been drawn that the Czar's peace conference will be brief as Martens, the Russian jurist, is one of the Russian delegates to the Czar's conference and also one of the arbitrators on the British-Venezuelan question, and it will be impossible for him to be present at both events. Postponement of the meeting at Paris was therefore arranged for June 15th with the understanding that the services of Martens at The Hague would not be required beyond that date. Being one of the Czar's personal representatives, it is hardly expected that Martens could leave the congress while it was in session, so that the arrangements as concluded is taken to indicate that the peace conference is to be over by June 15, thus giving about three weeks to discussion.

BREAK IN THE ERIE CANAL.

The Water Rushing Through in a Thirty-foot Breach.

By Wire to The Telegram.

Spencer Post, Mich., May 10.—A break in the Erie canal was discovered here last night. For the past five hours the water has been rushing through at a breach, now thirty feet wide, out upon the village, effecting great damage to McCabe's lumber yards and buildings. Large quantities of lumber have floated away. The cellars in all the stores on the east side of the town are flooded six feet deep. A number of farms are submerged and live stock are being saved with great difficulty. In the lower portions of the place a vast lake has been cut off.

A BIG BLOCK.

Buffalo Creek Badly Congested With Freight Boats.

By Cable to The Telegram.

Buffalo, N. Y., May 10.—Buffalo Creek is badly congested with freight boats this morning, a small number of freight handlers working on them. The Lehigh Valley Railroad has undertaken the handling of its own freight, bringing men from different points on the line. There is no material change in elevators.

TRANSPORTS COMING HOME.

But None of the Volunteers Will Be Aboard.

By Wire to The Telegram.

Washington, May 10.—Otis cables that the transport Pennsylvania left for San Francisco today. The Nelson leaves tomorrow, and the St. Paul on the 13th inst. The General doesn't report any troops coming home on these ships, it being understood that the vessels were not to bring back any volunteers.

By Wire to The Telegram.

New York, May 10.—The friends of Mollineux say he will be out of the Tombs by noon, as soon as the district attorney's office opens, the \$10,000 bail having been raised. The prisoner will be released after seventy-one days' confinement.

NOT TO BE FREED TODAY.

New York, May 10.—It is stated at the district attorney's office that Mollineux will not be freed today. If Judge Jerome discharges him he will be arrested immediately for the murder of Barnett.

Street Car Blows Up.

By Wire to The Telegram.

Duluth, Minn., May 10.—A street car was blown upon Superior street today, strikers having put a stick of dynamite on the track but none of them were fatally hurt. The car was thrown three feet from the ground and thrown on its side, a distance of thirty feet and the rails spread. The pavement of the street was torn up considerably.

A non-unionist was shot at in West Duluth last night, the bullet whizzing harmlessly by his head.

Sheriff Levies On Three Trains.

By Wire to The Telegram.

Guthrie, Ok., May 10.—Two freight trains and a passenger train running from Topeka to Santa Fe were today stopped by the sheriff, the engines being chained to the track and locked, and traffic is stopped. The action is taken to collect taxes.

EX-SOLDIERS MARRIED.

Two Cases of Smallpox Appeared at Maydian Yesterday.

Special to The Telegram.

Reidsville, April 10.—Two of the soldiers of the Reidsville company, 1st regiment, which returned home recently, have been married since their return. On Saturday night corporal Tom Hall and Miss Rosa Hall were married and left immediately for South Boston, Va., where they will reside in the future.

On Sunday night Quartermaster Sergeant Fred Cooper and Miss Jennie Shelborn were married at the house of the bride, 'Squire Andrew Davis officiating.

Two cases of smallpox appeared at Maydian yesterday and the people of that little town are greatly excited. It is said that they were in droves yesterday, starting to this place, but were stopped before they reached here. All proper precautions are being taken by the proper authorities to prevent the spread of the disease.

THE DONGOLA MURDER TRIAL.

Six Men Under Arrest—Trial Deferred—Excitement in Greenville.

Greenville, N. C., May 8.—Saturday morning one white and two colored men who had been arrested for implication in the recent Dongola murder and arson case, were brought here to jail. Crowds on the streets cheered as the prisoners were brought in.

Sunday morning three more men connected with the case were brought in by officers.

A hundred people came into town today and thronged about the court house and jail, awaiting the preliminary trial at 2 o'clock. The six prisoners were taken before a court of five justices of the peace.

Solicitor L. D. Moore made a motion that in order to give the State time to develop some other evidence the case be continued until Monday evening next. He stated that going to the trial today would also be unfair to some of the defendants who might be innocent and it would be of interest both to State and defendants to postpone the trial a week. The motion was granted, the prisoners all agreeing and they were returned to jail.

AT RICHMOND TOMORROW.

The Long-Talked-Of Convention Will Assemble.

LARGE CROWD WILL BE PRESENT

A Leading Alabamian Wants a State Election Law Like the One North Carolina Will Vote Upon.

Special to THE TELEGRAM.

Washington, May 10.—Most of the Virginia leaders and politicians, who have been in Washington for several days have left the city for Richmond, to be in that city during conference which assembles tomorrow. A number of prominent Virginians, including Senator Daniel, is it stated will leave for Richmond tonight.

The promoters of the conference which has been looked forward to with so much interest during the past several weeks, have been much encouraged by reports received here during the past few days. Counties, it is said, which it was not thought would be represented, have elected delegations to the convention, and the indications were yesterday that a large crowd would be in Richmond during the meeting. As stated not all of those who go to Richmond will take part in the movement, but they will go merely as interested onlookers and spectators. Both of the senators and all of the congressional delegation are expected to be present. Another thing which has encouraged the promoters of the movement is the fact it is claimed that fully three-fourths of the newspapers published in the Old Dominion are favorable to the election of United States senators by popular ballot and this fact, it is believed by them will help to make the movement a successful one.

The continued and persistent efforts of certain opponents of the plan for the election of United States senators by the votes of the people, to make it appear that the leaders of the movement are little better than bolters to the democratic party in the state, is causing no little feeling. The leaders of the movement are all democrats of prominence, state and nationally, and so far as known were, and are still loyal supporters of the democracy in every state and national campaign.

Hon. Claudius Dockery, of North Carolina, was in the city yesterday registered at the National Hotel. He is contesting the seat of Mr. Bellamy, Democrat. He will be in the city only for a few days.

Another prominent Southern man in the city is Senator McLaurin, of South Carolina, who is here in connection with the payment of the claims of South Carolina. At the Treasury Department it was stated yesterday that the matter of these claims, so far as South Carolina is concerned, will be settled in a few days.

Senator McLaurin was seen at the Metropolitan Hotel where he is stopping, and in reply to questions he stated that he does not believe that the majority of the Republican leaders in Congress are at all anxious for an extra session of Congress to be called. He thinks that the Democrats, as a rule too, would prefer not to be called upon to legislate before the regular session in December, as a session of Congress any earlier would be of no practical value. The Senator will return in a few days to his home in South Carolina.

Captain C. M. Shelly, the well known Democratic leader of Alabama, is in the city, just having returned from a visit to his State where he has been for several weeks. Capt. Shelly is much disappointed on account of the repeal of the act of the legislature calling for a constitutional convention and he says that he still hopes that something may be done to restrict negro suffrage in the state. He is much impressed with the provisions of the proposed North Carolina election law, and thinks it would satisfy the democrats of Alabama, if adopted by the Legislature.

Representative White, of North Carolina, who has been here the greater part of the time since the adjournment of Congress, will go to Minneapolis, Minnesota, next week for the purpose of attending the meeting of the general assembly of the Presbyterian church, of America. Mr. White will be the lay member representing the Cape Fear, North Carolina, presbytery.

Colonel Boyd, has returned from North Carolina, where he went to attend the "Raleigh" reception. Before leaving for Hot Springs last night, the President left a batch of postoffice appointments, which were made public yesterday. Among them was that of Mrs. Emily W. Fagan, to be postmistress at Plymouth, N. C.

Messrs. R. R. King, of Greensboro, and D. H. Abbott, of Raleigh, are at the National hotel for a few days.

OBSERVING THE ARMISTICE.

Doctor Self, Newly Appointed President of Municipal Court Arrives.

Apia, Samoa, May 4.—Via Auckland, N. Z., May 9.—Everything is quiet on the island. Operations have been suspended pending the arrival of the joint commissioners from San Francisco.

After the cessation of hostilities a detachment of British soldiers visited the battlefield of Vaillima, where they recovered an American machine gun that had been captured by the rebels. The rebel forces at Lottopa and Vaillima were two miles long and of great strength, being reinforced by trenches and rifle pits. It was found that several rebels had died in the trenches from the shock of bursting shells, but without having been wounded.

After the armistice had been agreed upon the rebels left the fort singing war songs of the vanquished.

The country is being scoured by the British and American soldiers in search of lead from which the natives might make bullets.

A British planter who had been a prisoner in the hands of the rebels for six weeks has arrived at Apia. His experience during his captivity was frightful. Many times the rebels threatened to behead him.

Captain Sturdee, the ranking British officer here in company with a missionary, went through the rebel lines unmolested. They found everything quiet pending the arrival of the joint commissioners who are to arrange terms of peace.

Doctor Self, the newly appointed President of the Municipal Council, has arrived here. He will remain inactive until the commissioners reach here with instructions.

Five officers of the cruiser Philadelphia have arrived here on board the steamer Mariposa.

"BETHLEHEM CHARLESTON."

The old veterans are happy in their reunion at Charleston today, thousands of them being present. Very appropriate is the fine poem below from the pen of the gifted John R. Morris, in this morning's Charlotte Observer, dedicated to the reunion, and entitled "Bethlehem Charleston." The poem is preceded by the following prologue:

[The convention which severed the ties between South Carolina and the American Union was organized at Columbia, the capital of the State, but adjourned to meet in Charleston, where an ordinance of secession—the first passed by any Southern State—was adopted; hence, earthquake-shaken Charleston, where the Confederate reunion takes place today, May 10, is the Bethlehem—the birthplace—of Southern empire.]

All knightly did that empire, young, content

For throne o'er South, yet throneless, prone, it fell;

Then bells a-bayling, out the deeps, low spoke,

"Rise, thou, Dynastic One." Astir, it, then,

Resolving into throne of whistling light,

Rose where old stars may string and stretch their zones—

Superbness of an empire's soul, illumed by stars, historic, in God's hand aloft!

Hail to you, apostles, gray and old, Who onward strove 'till empire went on high,

Whose feet, worn weary, on this morn of May,

Wend, tremblingly, toward birth-shrine's urban site,

Nigh Sumter's cannon, dozing now o'er sea:

Mute, you, within that Bethlehem, low bend

"Till nostrils shall of perfume, sweetest, drink,

E'en incense that—though fecked so long ago

And, later, chafed in an earthquake's crack—

Writhes yet, o'er manger, sacred, keenly sweet

As when its mist first floated on the air

To blend with empire's dawning sigh of breath

And all its swaddling purple to perfume. John R. Morris.

A DETESTABLE COUPLE.

Secretary Alger and Gen. Egan are two very intensely disliked figures before the public now, and have been so all the time, but the recent "white-washing" at the hands of the beef investigators, that sinister and perverted board, has increased ten-fold the general contempt for the two officials. Even their own party, with the exception of McKinley and a small number of his most consecrated sycophants, listen to their terrible arraignment by the outraged people without offering a challenge. The President at heart is disgusted with his war secretary, and if his own renomination were a less wished-for consummation, Alger would be forced to resign.

If no other scandal attached to the republican administration, the retention of these two brazen, incompetent, and bigoted officials would be a sufficient provocation to drive it from power.

Maurice Baldwin, an American newspaper man, with two or three companions, was attacked by seven Cuban bandits. The quill-pusher didn't do a thing but capture and hand over to justice the whole band. The man who has lived through the vicissitudes of a newspaper life may despise the rude attack of a gang of Cuban bandits.

Admiral Dewey is coming home soon to receive his crown of laurels. For the first time since he swept the Spanish fleet from the face of the deep last May, he is at liberty to take a rest. He has performed his duty well, and the reception the hero of Manila bay will receive in the United States will be something grand.

The Philippine trouble is getting hopeless again. A week ago we had the insurgents whipped. Their rallying propensity is remarkable.

The dispatches report the president very closely engaged at Hot Springs.

A Missouri preacher has hit upon an ingenious scheme to induce the feminine members of his congregation to remove their hats in church. After making the usual formal request the other Sunday he added: "My request does not apply to those whose hair might come with the hat, nor to those who might be embarrassed by a display of physical infirmities." The hats were promptly removed.—Exchange.

This custom of compelling the ladies of the congregation to remove their hats, which has been recently adopted by ministers in a number of churches throughout the country, is the most cruel one we have even heard of. Just to think, for instance, that Mrs. Brown may not arrive till Mrs. Smith has removed her beautiful new spring hat, and the consequent terrible curiosity, that strongest of all the human instincts, that Mrs. Brown will be a prey to, and on the other hand, just imagine the awful agony of soul of Mrs. Smith that Mrs. Brown did not see her exasperatingly lovely headpiece. And the custom is most impracticable in that it will most certainly have the effect of causing the fair part of the congregation to be invariably late.

China is fast going the way of all pagan empires. The "civilized" powers of the east are chopping her up in pieces and dividing themselves. The French minister now demands a mining concession in Sze-Chuan, valued at 1,200,000 taels, by way of compensation for the recent imprisonment of a French missionary. This will doubtless elicit a growl from the Lion, and probably a showing of his teeth.

Dewey May Come Home.

Washington, May 9.—It is now thought that Dewey, should he so desire, can leave Manila for home the first of July. Rear Admiral Watson will succeed him in such an event.

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children.

Three stove manufacturers and the American Pipe and Foundry Company, of Chattanooga, Tenn., have advanced the wages of their employees 10 per cent.

Pneumonia, la grippe, coughs, colds, croup and whooping-cough readily yield to One Minute Cough Cure. Use this remedy in time and save a doctor's bill—or the undertaker's. Howard Gardner.

An unsuccessful attempt was made yesterday to start the cotton mills of the Penamah Company, at Tatville, Conn., where 1400 employees are on strike.

Infrequent and Improper Shampooing

are responsible for dry, scrawny and various colored hair. Many people have a goodly supply of hair, and it would be beautiful were it not that dandruff had destroyed its life and made it lustreless. Everyone's hair should be shampooed once a week with some non-injurious and health-giving wash.

Sutherland Sisters' Scalp Cleaner

does not rot and bleach the hair, like soda, ammonia, etc. Aids the scalp in the growth of the hair. Cleanses the scalp and keeps it cool and healthy.

FOUR MEN KILLED.

A Tragic End to a Dispute Over a Doctor's Bill.

Colons, Miss., May 9.—As a result of a dispute here tonight four men, among the most prominent citizens of the town, are dead. Details are confusing. Dr. Wm. Murphy became involved in a dispute with Charles D. Clarke over a bill which Dr. Murphy claimed Clarke owed him. The dispute became heated and Clarke drew a knife and slashed Dr. Murphy, severing the jugular vein. Howard Murphy, son of the physician, rushed to the scene of the killing and shot Clarke to death. Walter Clarke, brother of Charles D. Clarke, and Howard Murphy then began a duel to settle the matter. Pistols were used. The men fought viciously, the end being that both were killed.

SEVERE STORM AT HENDERSON.

Wind and Hail Do Much Damage to Houses and Crops.

Henderson, N. C., May 9.—A destructive rain, wind and hail storm passed over Henderson at 4:30 p. m. yesterday. The front of the Perry drug store was blown down, chimneys were blown down and the glass of windows broken, a prize house wrecked and another one injured. The damage to crops and gardens cannot be estimated. Old citizens say it was the heaviest hail storm on record, the stones being as large as partridge eggs. A good many people have taken out tornado policies today.—Special to News and Observer.

HOME CURE FOR BLOOD POISON.

Beware of the Doctors' Patchwork; You Can Cure Yourself at Home.

There is not the slightest doubt that the doctor more than good in treating Contagious Blood Poison; many victims of this loathsome disease would be much better off to-day if they had never allowed themselves to be dosed on mercury and potash, the only remedies which the doctors ever give for blood poison.

The doctors are wholly unable to get rid of this vile poison, and only attempt to head up the system by driving the poison into the system, and endeavor to keep it shut in with their constant doses of potash and mercury. The mouth and throat and other delicate parts then break out into sores, and the fight is continued indefinitely, the drugs doing the system more damage than the disease itself.

Mr. H. L. Myers, 100 Mulberry St., Newark, N. J., says: "I had spent a hundred dollars with the doctors, when I realized that they could do me no good. I had large spots all over my body, and these soon broke out into running sores, and I endured all the suffering which this vile disease produces. I decided to try S. S. S. as a last resort, and was soon greatly improved. I followed closely your 'Directions for Self-Treatment,' and the large spots on my chest began to grow paler and smaller, and before long disappeared entirely. I was soon cured perfectly and my skin has been as clear as glass ever since. I cured myself at home, after the doctors had failed completely."

It is valuable time thrown away to expect the doctors to cure Contagious Blood Poison, for the disease is beyond their skill. Swift Specific—

—acts in an entirely different way from potash and mercury—it forces the poison out of the system and gets rid of it entirely. Hence it cures the disease, while other remedies only shut the poison in, and constantly undermining the constitution. Our system of private home treatment places a cure within the reach of all. We give all necessary medical advice, free of charge, and save the patient the embarrassment of publicity. Write for full information to Swift Specific Co., Atlanta, Ga.

Certain Risk Unavoidable.

Washington, May 10.—The naval officials are not disposed to criticize the news of the grounding of the Raleigh, the general opinion being that there is an unavoidable risk in taking a vessel of such draft as the Raleigh into a jetted harbor. It is probable that there will not be any official notice taken of the matter. Otherwise there must be a court of inquiry to fix the responsibility.

Anti-Trust Bill.

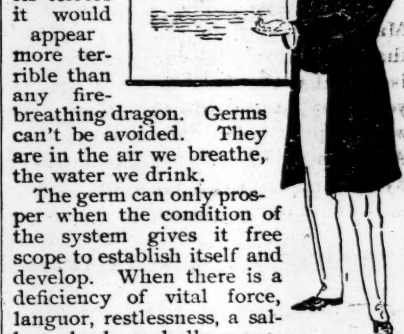

Austin, Texas, May 9.—The senate of the state legislature today passed finally the anti-trust bill. When originally introduced the bill was identical with the Arkansas law. It has been materially amended, however, and is decidedly more drastic in its provisions.

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can't prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a hollow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or other intoxicant.

"Your kindness to me I can never forget," writes Mrs. Josie E. Clark of Enterprise, Shelby Co., Mo. "I had despaired of ever getting well. I had been in bad health for twelve years. Had aches all through me, numb hands, cold feet, and when I ate distressed me, bowels constipated, was very nervous, depressed and discouraged. When I first wrote to you I thought I could never be cured. I have taken six bottles of Dr. Pierce's Golden Medical Discovery, and my health is now good. You have my honest recommendation to all sufferers."

If the bowels are irregular they can be regulated perfectly by Dr. Pierce's Pleasant Pellets.

BRIEF LOCAL MATTERS.

J. D. Boushall, of Raleigh, is in the city.

Dr. W. A. Lash, of Walnut Cove, is in the city.

E. L. Sides went to Climax at noon to spend a few hours.

This being a legal holiday the banks of the city have been closed.

The Greensboro Pressing Club has a little article about the Daughters of the Confederacy on fourth page. Read it.

Col. S. H. Boyd was yesterday appointed by Governor Russell commissioner of the Peoples Savings Bank of this city.

Johnson & Dorsett have received another lot of those beautiful waists, the handsomest line ever shown in Greensboro. See ad. on third page.

Hon. E. W. Pou, who will deliver the memorial address this afternoon, arrived at noon today and is the guest of Mr. and Mrs. R. F. Dalton on Sycamore street.

President Charles D. McIver, of the State Normal and Industrial College, left at noon for Wilmington to visit the city schools. He will deliver the Annual literary address at Salem High School, Sampson county, before returning.

The Telegram is requested to state that the band which will furnish music for the procession this afternoon is not the "Gate City Band," but will be composed of members of that band, selected by Mr. Alderman. The Gate City band will not make its debut for some time yet.

The condition of Mr. Dr. Schenck, Jr., upon whom an operation was performed yesterday afternoon, is critical, though there is hope of his recovery. He went through the operation well, the effects seem to be very bad and his relatives and friends are very anxious about the results.

The new street committee yesterday afternoon inspected the sidewalks and streets near the Southern's new depot and decided to grade the same, or to allow it to be done. Buchanan street will be graded from the depot to the opposite side and the sidewalk on South Elm levelled.

AND THE BOYS DID EAT.

Chief J. Henry Phipps Treats the Firemen to Cream.

The Greensboro Fire Department held a called meeting at their hall last night to transact business of more or less importance. The entertainment committee was increased in numbers from three to five, J. C. Stone and George W. Pritchett being added to it. Reports from some of the committees appointed to make preparation for the coming tournament were read. After the transaction of business, delicious cream was served with the compliments of the newly elected chief, Mr. J. Henry Phipps, and the "boys" did full justice to it. The cream consumed, the firemen adjourned to meet again Thursday night, the 18th inst., when President Jas. D. McNeil of the State Firemen's Association will be present and address them.

Invading Reidsville.

The prosperity of the Sample Brown Mercantile Company is something remarkable. Since the first of the present year they have swallowed the stock of two other mercantile firms and at last have stepped beyond the borders of the City of Flowers and consumed a third. Mr. Brown yesterday purchased the New York Racket at Reidsville and will continue the business at that place. We predict that in a short while Mr. Brown will be in search of other sp. ils. Increased prosperity to him and his firm.

On the Tough Order.

The Oriental Dancers, a party of people in oriental dress, arrived in Greensboro this morning from Charlotte and began a show in the opera house this afternoon. The amusement force consists of three or four negroes and five or six Malays. The Charlotte News and Observer says that the show is 'on the tough order' and that the police of that city could hardly refrain from pulling the performers, so near to the indecent did it appear, and that none but men ventured in.

Bar Men Moving.

Some of Greensboro's bar keepers are on the move in search of other fields. The dispensary will open July 1st, and all bar rooms in the city will be closed from that date. The Sentinel says F. V. Snell was in Winston Monday night and left yesterday to view the fields in Virginia. Several of them are "viewing the landscape o'er" in the surrounding section. It had been hoped that the majority of them would remain in Greensboro and engage in better business.
